

## Daily Hygiene Assistance

\_\_\_\_\_ parent, legal guardian or person responsible for student care of \_\_\_\_\_, give permission for designated health personnel of the same gender to assist with hygiene needs, such as diaper and/or clothing change without supervision during the school day. The parent, legal guardian or person responsible for student's care will provide diapers and clean clothing. Soiled items will be given to the student or sent home by the customary method at the end of the school day. I understand that I may revoke permission at anytime by contacting either the designated health personnel or the side administrator.
