Re: COPES for Kids

We are currently having "COPES for Kids" posters printed for distribution to all sites. One hundred posters will be distributed to each middle school and high school and fifty posters will be distributed to each elementary school.

"COPES for Kids" is a support program provided by Family and Children's Services to help children who are experiencing difficulty in their lives. This service is provided for emergency interventions related to physical outbursts, homicidal or suicidal threats, physical or sexual abuse, etc. The "COPES line" is available at no cost, 24 hours per day, seven days per week and anyone may call for assistance.

Please post these posters around your school in classrooms, hallways, bulletin boards and any other conspicuous places. If you need additional clarification regarding services available, please call the "COPES line" at 744-4800.
